CALL FOR PAPERS

The first Community Satellite Processing Package (CSPP) and International MODIS/AIRS Processing Package (IMAPP) Users' Group Meeting will be held in Madison, Wisconsin, USA from 21-23 May 2013 at the Pyle Center, located on the shores of Lake Mendota on the University of Wisconsin-Madison campus. The goal of the meeting is to bring together the worldwide community of CSPP and IMAPP users to discuss issues relevant to reception, processing, and applications of data acquired by direct broadcast from Suomi NPP, Terra, and Aqua. Presentations related to other satellite missions including Metop, FY-3, and Meteor-M are also welcome. Topics for discussion may include:

- Local usage and applications of CSPP and IMAPP products from VIIRS, CrIS, ATMS, MODIS, AIRS, and AMSU;
- CSPP and IMAPP software technical topics, including related software packages;
- Status of current and future polar environmental satellite missions and sensors;
- Providing feedback and guidance to the CSPP and IMAPP development teams on current products and future priorities;
- Interactive session on satellite data analysis applications (e.g., Python).

ABSTRACT SUBMISSION DEADLINE: 1 MAY 2013

Please submit your abstract when you register for the meeting at the website shown above. Abstracts submitted by 1 May 2013 will be considered for the technical program, to be announced by 7 May 2013. Posters will be available for viewing throughout the meeting.
