

# CSPP Users' Group Meeting Chengdu, China June 25-27, 2019

The 2019 Community Satellite Processing Package (CSPP) Users' Group Meeting will be held in Chengdu, China, known as the "Country of Heaven" and "Land of Abundance". The meeting will bring together the worldwide community of CSPP LEO/GEO, Direct Broadcast, and meteorological/environmental satellite users to discuss issues relevant to 1) reception, 2) processing, 3) applications, and 4) innovations of satellite data acquired by direct broadcast from NOAA-20, S-NPP, GOES-16/17, FY-3/4, Metop, EPS-SG, Himawari, and other satellite systems.

When: June 25 – 27, 2019

Where: Shangri-La Hotel, Chengdu, China
