# **CIMSS Symposium on In-house Modeling Activities**

2-4 pm on 16 May 2018

Marquee Theatre, Union South

2:00 pm	Tracey Holloway	Air Quality Modeling and Applications
2:15 pm	Brad Pierce	RAQMS
2:30 pm	Leigh Orf	Severe Weather Modelling
2:45 pm	Sarah Griffin	Model verification using satellite observations and object-based verification methods
3:00 pm	Jun Li/ Jinlong Li	Assimilating thermodynamic information in cloudy skies from hyperspectral IR sounders for improving tropical cyclone forecasts
3:15 pm	Jim Jung	JPSS Data Assimilation Improvements / Data Denial Experiments
3:30 pm	Paul Menzel	Bringing the Unified Model to UW/SSEC
3:45 pm	Brett Hoover	Evaluating the Analysis/Forecast System Using Observation Impact
