## 1. O Little Town of Bethlehem

O traffic light on Charter Street  
How soon we see thee rise  
Above thy green 'candescent sheen  
The silent bikes glide by

The symbol bike doth shineth  
An everlasting light  
The hopes and fears that cars will pass  
Won't happen here tonight

O traffic engineering  
Proclaimed thy holy birth  
And praises sing to Mayor Soglin  
To peace for bikes on earth

For Treks were born of Mary  
Who blessed their tires with love  
Car drivers weep, their horns do beep  
A crossing - who dreamed of?

## 2. O Holy Night

Worked late last night  
To pay off the mechanic  
Two hundred bucks  
For another sensor light

Sadly I say  
These guys - they are not honest  
AC's not fixed  
After five separate times

I took it in  
I hoped to get new tires  
Then I learned how  
To read the date on them

I certify  
The tires that they have sold me  
Are 4 years old  
Yes 4 years old!  
I'd understand if maybe they were one  
Thanks for--- the recommendations  
Non-work e-mail list

### 3. Chipmunk Song

Paul Chryst, Paul Chryst time is here  
Time for wins and time for cheer  
We've been good, but we can't last  
Hurry Paul Chryst, hurry fast

Want a team that wins it all  
Me I want to jump around  
Other than The House of Pain  
Please Paul Chryst, don't delay

Watching Jo-el Stave play  
Makes me long for better days  
Bol-linger, Tolzien, Stocco  
Hurry Paul Chryst, don't be slow

Can we have a Big 10 crown?  
At least we beat those Gopher clowns  
We can hardly stand the wait  
Please Chryst-mas don't be late  
At least please beat Ohio State  
Please Chryst-mas don't be late

## 4. Let It Snow

Oh, the last year required Gore-Tex  
With the constant polar vortex,  
And we had no place to go,  
There was Snow, there was snow, there was snow!

It doesn't show signs of starting,  
My winter is a dying,  
My green grass I can still mow,  
El Nino, El Nino, El Nino

When we finally see some snow,  
Send an email to Lamar Smith  
Don't forget to CC Cruz,

---

The sun, it seems, is shining  
Sunbathers are all out lying  
If it doesn't get colder soon  
What to do, What to do, What to do.

## 5. Frosty the Snowman

Fox World Travel  
Is the new U-Dub contract  
For airfare, travel, and Concur,  
It's a pain, oh that's a fact!

Fox World Travel  
Is supposed to be the best  
Replaced M&M, 24/7  
Service agents do not rest

The U-Dub must be making  
An impressive sum of cash  
For when you try to book a flight  
The website it will crash!

Oh Concurse the website  
How you do frustrate me!  
Can't find good flights to save my life  
Please not through Miami!

Thinkety, Think Think  
Clickety, Click Click  
Watch the website stall  
Moanin' and groanin'  
Moanin' and groanin'  
Can-not go at all!

## 6. Grandma got run over by a reindeer

Jeanie got run over by a B-Bike  
Going to a B-Bike meet on State  
You can say that it was just bad karma  
Or just a tale too hard to be believed

Jean was minding her own business  
Waiting for a light to cross  
Was she lost in meditation  
Or wondering if she forgot to floss

When they found her at the corner  
At the scene of the attack  
She had B-Bike on her forehead  
And incriminating tire tracks on her back

Jeanie got run over by a B-Bike  
Going to a B-Bike meet on State  
You can say that it was just bad karma  
Or just a tale too hard to be believed

Now we're all so proud of Jeanie  
Took the ambulance ride so well  
She was watching Green Bay football  
Because the good juice made her feel so swell

It was not the only vision  
Jeanie thought there was a pole  
She just took a special dance class  
That kind-of left her flat upon her back (on her back?)

Jeanie got run over by a B-Bike  
Going to a B-Bike meet on State  
You can say that it was just bad karma  
Or just a tale too hard to be believed

## 7. Mary Did You Know?

Larry did you know, as a baby boy,  
You'd search the moons for water.  
Larry did you know, from the asteroids,  
You'd name your sons and daughters.

Did you know, as a baby boy,  
You'd study planets, gaseous.  
You'd track the clouds on Saturn,  
On Neptune and Uranus.

Larry did you learn, in your later years,  
No one cares 'bout the planets.  
Larry do you know, when there's budget cuts,  
NASA will drop the hatchet.

Did you know, you're a baby boy,  
By using math and reason.  
We calculate your age,  
Based on Uranal seasons!

The planets glide, a storm does rise, dead worlds do live again  
Your pay does leap, NASA will speak, with praises now and then

Larry did you know that your baby boy  
Would one day hang the dish lights  
Larry did you know that your baby boy  
Likes to swing from high heights

Did you know that your baby boy could join the space program  
Flip through the universe with a GoPro Hero cam

## 8. Santa Claus is coming to town

You better watch out; You better not cry  
Better not pout; I'm telling you why  
Jarek's jumping 'round the 4th floor

He's practicing kicks; Look out for God's sake!  
Gonna nail you if you aren't awake  
Jarek S is jumping around

Be careful when you're stepping  
Outside your office door  
Cuz if he lands a kick on you  
You'll be laid out on the floor!

O! You better watch out! You better not cry  
Need a safe space; I'm telling you why  
Jarek S is jumping around

Do I need a helmet?  
Or should I wear a cup?  
Because if I'm not careful  
I will sing 4 octaves up

O! Is it Tai-Chai? Is it Kung-Fu?  
Don't really know, what about you?  
Jarek S is jumping around  
Jarek S is jumping around

## 9. Chestnuts Roasting on an Open Fire

No more hot dogs on an open fire  
I'll miss fried bologna bowls,  
Cows and pigs in the muck and the mire,  
And folks dressed up in white lab coats

Everybody knows some turkey and meat byproducts  
Help to make the sausage right  
Tater tots is the side that I crave  
I'll find it hard to digest tonight

Now, Oscar Meyer's out of luck  
They've loaded Lunchables and bacon  
On the truck  
And every mother's child,  
They used to run; to see the  
Weiner-, mobile park, in a bun!

And so, I'm offering this  
Simple phrase to kids from  
One to ninety-two  
I know it's been said many times, many ways

(pause music, a capella...)  
"I wish I were an Oscar Meyer wiener"

(resume music)  
Gone to Iowa...boo hoo!
