

1. O little town of Bethlehem

How could you break your collarbone?
How still we see thee lie.
The surgery with thirteen screws
A new quarterback they'll buy.

While in Green Bay they're mourning
The season's a sore sight!
The hopes, now fears, through all the years
Are realized tonight.

How silently how silently
Pack fans embrace the news
Brett Hundley's in, we cannot grin
It's time to sing the blues

Kaepernick is awaiting
McCarthy says no way
Hundley's our guy, stop asking why
No points were scored that day

O bearded guy in Green Bay
Come back to us we pray
If you did start our human hearts
A Lambeau leap display
The odds are stacked against us
At least a million to one
Still Let's go Pack, O bring us back
To one more Super Bowl

2. Up on the rooftop

Up on the rooftop every fall
With my Black and Decker Leaf Hog
Its speed is rated as a Cat 5
Clears leaves from gutters in overdrive!

Ho, ho, ho! Ready to blow.
Ho, ho, ho! Watch the show, oh
Up on the rooftop Click, click, click
Circuit breaker flipped a switch!

Head to the basement, fell off the roof!
Neighbors think that I'm a goof.
They've mixed reaction of laughs and cries.
They walk away and shut their eyes!

Ho, ho, ho! Ready to blow.
Oh, no, no! Watching it snow, oh
Up on the rooftop Click, click, click
Switched my tool to an ol' ice pick!

3. O Come, All Ye Faithful

O come out ye olde tooth
Rotten and decaying
O come out, o come out
You're giving me pain
Come to the dentist
I need the help of angels

O come do give me good drugs
O no I still feel something
O please no not that wrench thing
Please help me Lord!

O sing! My hygienist
Is a bit too perky
She says I won't feel much of anything
Four shots later
I should have done the nitrous

O please turn on the TV
It's Trump I'm feeling queasy
My tooth is now in pieces
And they took out some bone

All hail! Dentist greets me
For her a happy morning
Dental implant will cost me
Four thousand smacks
Called up my husband
With white flesh he's fainting

Our insurance is Epic
The payout is not epic
Can we just please extract it
For two hundred bucks?

4. Santa Claus is Coming to Town

You better watch out
Before it is signed
What's it about?
'fore we're in a bind.
Santek's Clause won't get through legal.

The Statement of Work
Reads though it's research;
PI wants it as Fee for Service.
Santek's Clause won't get through legal.

Are we creating I-P?
Or just one line of code?
We cannot give them ownership
Contract is at a crossroads

Oh, you better watch out
Agreement not signed
Legal has doubts
The terms were not kind
Santek's Clause won't get through legal.

5. Walking in a Winter Wonderland

TC pings
It is starting
Decision made
Things are changing
The server will cease
We need to make peace
Email switched to Office campus tools!

Gone away
Is my Yahoo!
Here to stay
Is now Outlook!
I'll miss Thunderbird
Outlook's absurd
Can't find an email from three days ago

Migration lets us pick our favorite address
Calendar and email all in one
I tried to get a room here on the third floor
Instead I got the restroom down on one!

Later on,
I'll perspire
Since my merge,
Has backfired
To face unread mails
I need a cocktail!
Please just use a Post-It Note for now!

6. My Favorite Things

Spitting in stairwells and loud cell phone jingles
Five types of bagels and three flavor kringles
Too many 'Everyone' mails to delete
These are the things I find hard to believe

Infants have permits to shoot from a deer stand
Beer fills their bottles to drink with the Freshmen!
3 billion tax deal that FOXCONN received
These are the things I find hard to believe

Trips down to Kwik Trip to get a rib sandwich
Attend Workplace Workouts, Oh darn I've got jock itch!
Slushy gray winters that melt into spring
These are a few of my favorite things!

Badger's loss bites
No Big Ten rings
Yes I'm feeling mad
I simply remember things hard to believe
The Pack beat the Bucs!!!! I'm glad (I guess)

7. O Come, All Ye Faithful

O come, all ye faithful
Please come join our choir
O come ye, o come ye so we're not alone
There will be cookies!
We promise it won't be that bad
You can even write about
The second floor bathrooms
O please come join our choir
It will be fun

8. Have a Holly Jolly Christmas

It's a golly jeepers - gee whiz!
It's that tech time of the year
Say hello to geeks you know
And they might share a beer

It's a golly jeepers - gee whiz!
And when you walk down the street
Watch for peds and bikes and cars
Their heads down when we meet

Oh ho - the bathroom's full
Games in every stall
The irony's the last shop left
Is the Apple store in the mall

It's a golly jeepers - gee whiz!
And in case you cannot hear
Bezos golly
Has a jolly 100 billion this year

Oh ho - Union South we'll go
Energy harvest floor
Oh how neat those L-E-Ds
No one steps there anymore

It's a golly jeepers - gee whiz!
For keeping our PCs clean
Thanks TC
For a holly jolly Techmas this year (2 times)

9. Killing Me Softly

Canceling the card with the fraud charge
Giving away all my shirts
Killing me softly with rumors
Spilling my coffee as I cry
Why's there a charge for a surfboard?
Killing me softly with purchasing

I heard that you need a server, needed it yesterday
And so you came to see me, to buy it right away
But wait, you didn't say that it'd be a fabrication

Getting a pain in my head now
Why's it always so hard?
All that I want is your receipt
Maybe the project.....number
Tell me about it; what are you
Using it for? Use your words.

Now please don't blame me for this; it's the university
But still we need those details to fund your salary
We'll finish this proposal the day after tomorrow

Bring on the due dates and deadlines
If we miss one, we will curse
Can you please turn in your timesheet
Killing me slowly with transfers
Telling a story why this flash drive
Goes on that project: ask the PI

Wenhua says to run a scratch now (1 time)
Jenny says run it again (2 times)
Why do we use so much paper?
Killing all the trees that we can
When did this project transition?
Killing me softly, with this song

10. Tom Petty Medley

Refugee

We got something, we all know it, we talk way too much about it
Ain't no real big secret, all the same, somehow we get around it
Listen, it don't really matter to me people
We just want all our data to be free!

Well, we don't wanna live without GOES 16
Don't want to live without GOES 16
Yeah, we don't ha-ave to live without GOES-16
Don't want to live without GOES 16

The Waiting

Oh lovely bird in the heavens right now
Don't it feel like we're livin' the dream
We've never had data nothing quite like this
Don't it feel like forecasts will never be the same
ABI is better than our wildest dreams
We want it live now, yeah we want it live now, yeah
Yeah yeah (yeah yeah) yeah yeah yeah yeah

The waiting is the hardest part
Can you believe we used to use punch cards?
16 spectral bands, be still my beating heart
The waiting is the hardest part

I Won't Back Down

Tim Schmit won't back down
No, he won't back down
You can stand him up to those guys in DC
But he won't back down

Slaps up Powerpoints
Gives his talks with ease
In a world that needs the next GOES last week
He stands his ground and he won't back down

Hey Timmy
Your beard can intimidate
Hey yeah - we need you around
Cause you don't back down

11. Into the Great Wide Open

Stevie waited till he finished transition
Didn't want to get a weather tattoo
Menzel did not want to get a tattoo too
Their future was wide open

Budget constraints make things so hard to afford
Steve had some brown bags, extra work at the door
Wish he took music and learned him some chords
The sky's not the limit

S-S-E-C Director; Without one we are so blue
The position is wide wide open; Who is it - we have no clue

The papers said Steve always talked from the heart
Didn't want the job he said from the start
He'd study records and throw up some charts
The sky is his oyster

Transition team is gonna bring out the Kringle
Schmooze with the candidates, party and mingle
Will we have a new one the next time Santa jingles?
The choices are wide open

S-S-E-C Director; Without one we are so blue
The position is wide wide open; Who is it - we have no clue

S-S-E-C Director; Without one we are so blue
The position is wide wide open; Who is it - maybe it's you?

12. We Wish You a Merry Christmas

We wish you a Merry Christmas
We wish you a Merry Christmas
We wish you a Merry Christmas and a happy new year!

Good tidings we bring
To you and your kin;
Good tidings for Christmas
And a happy New Year!

We wish you a Merry Christmas
We wish you a snowy season
We wish you a shorter winter
And a happy New Year.

12. Baby, It's Cold Outside

NEXT YEAR!

5 I really can't stay 7 (but there's so much rain outside)

5 I've got to go away 7 (there are hurricanes outside)

5 All flights out of here 7 (I hope that you packed your gear)

4 Have been delayed 8 (I'll hold your hands, they're just like ice)

8 My mother will start to worry 7 (beautiful what's your hurry?)

9 My father will be pacing the floor 7 (listen to the fire trucks roar)

8 So really I'd better scurry (beautiful please don't hurry)

9 But maybe just a half a drink more (put some records on while I pour)

The neighbors might think (baby, it's bad out there)

Say what's in this drink? (no cabs to be had out there)

I wish I knew how (your eyes are like starlight now)

To break this spell (I'll take your hat, your hair looks swell)

I ought to say, no, no, no sir (mind if I move in closer?)

At least I'm gonna say that I tried (what's the sense in hurtin' my pride?)

I really can't stay (oh baby don't hold out)

But baby, it's cold outside [stop here or do full song?](#)

I simply must go (but baby, it's cold outside)

The answer is no (but baby, it's cold outside)

Your welcome has been (how lucky that you dropped in)

So nice and warm (look out the window at this dawn)

My sister will be suspicious (gosh your lips look delicious)

My brother will be there at the door (waves upon the tropical shore)

My maiden aunts mind is vicious (gosh your lips are delicious)

But maybe just a cigarette more (never such a blizzard before)

**I've gotta get home (but baby, you'd freeze out there)
Say lend me a coat (it's up to your knees out there)**

**You've really been grand (i thrill when you touch my hand)
But don't you see? (how can you do this thing to me?)**

**There's bound to be talk tomorrow (think of my lifelong sorrow)
At least there will be plenty implied (if you got pneumonia and died)**

**I really can't stay (get over that old out)
Baby, it's cold
Baby, it's cold outside**
